Celebrating excellence in the digital packaging value chain

The Digital Labels & Packaging Awards are a dedicated awards programme, celebrating excellence in digital packaging. From labels and shrink sleeves, to pouches, folding cartons and corrugated boxes, these awards showcase what it takes to succeed when digitally printing, finishing and converting, and honour the best work from printers and converters using such technologies to produce labels and packaging.

WHY ENTER?

The 16 categories of the Digital Labels & Packaging Awards cover the gamut of digital production, whether you're: designing cutting-edge labels and packaging with a digital-first mindset; printing primary or secondary labels and packaging using inkjet, toner or hybrid technology; converting

and finishing reels and sheets into high-value saleable products; and/or striving to deliver the highest levels of environmental performance. A Supreme Award will be bestowed upon the entry that has ranked highest with the judges from all the winning entries.

CLOSING DATE:

19 April, 2024

Please send your entries to:
30 London Road, Southborough, Tunbridge Wells, Kent, TN4 0RE

RULES

1. Entries must have been produced by the printing company entering the awards.
2. Entries are for commercial work undertaken by the printing company entering the awards, with the exception of 'Self-promotional print'.
3. All entries must directly relate to the period since the start of the preceding calendar year, 1 January, 2023.
4. The printing company's contact details should be submitted with the entry if it is being entered on their behalf.
5. Whitmar Publications reserves the right to use any entries received for marketing and promotional purposes in its magazines and on its websites.
6. Entrants must have obtained the permission of their customer before entering the competition.
7. Whitmar Publications cannot accept responsibility for entries submitted.
8. The decision of the judges is final and no correspondence will be entered into.
9. Entries may be moved to a different category at the discretion of the judges.
10. Entries received after the deadline will be subject to a flat £50 late fee.
11. By entering you agree to all technical information supplied being published online and in print.
12. All printing companies entered agree that, if nominated, they will be directly represented at the awards ceremony in London on 27 June, 2024

AWARDS CEREMONY

The awards ceremony is a lunchtime event and will be held on 27 June 2024 at The Kia Oval, London.

A limited number of tables are available, each for 10 guests at £2650+VAT per table and individual places are £265+VAT.

HERE'S WHY YOU SHOULD ENTER

ATTRACT NEW BUSINESS

Just being nominated improves brand awareness and promotes your business to new customers.

RAISE YOUR PROFILE

Winning at the Digital Labels & Packaging Awards significantly raises your company profile and earns respect from your customers and peers.

FREE MARKETING AND EXPOSURE

Gain extensive media attention through coverage in the nominees and winners issues, the awards website, and pre- and post-awards promotional emails.

Nominees and winners can also use this acknowledgement in their own PR and marketing activities. Such exposure will be sure to help attract new customers and increase respect from existing clients.

EMPLOYEE MOTIVATION

Everyone likes being part of a winning team. Achieving recognition in the awards will have a positive effect on staff morale, motivation and retention.

ACKNOWLEDGE STAFF AND CUSTOMER LOYALTY

Attending the awards is an opportunity to thank and reward staff for their contribution to the business, thank customers for their loyalty, and impress prospects with your hospitality.

NETWORKING OPPORTUNITIES

Attending the awards gives you the opportunity to build contacts, meet and network with other award participants, businesses and potential customers and partners.

'Having our Tom Gould be named 'Future Star' was a highlight of the year for Hine. It's so important to show younger people are thriving in the printing industry. Winning the award has definitely boosted our morale, and it's important that our staff are represented for the skills and acumen they've developed with us! Our clients are loving it!'

Anita Hine, managing director, Hine

CATEGORIES

- NEW FOR 2024 – Excellence with inkjet – labels**
For labels printed using inkjet-based digital processes
*Each entrant to this category must highlight specific elements** of the printed product that showcase the technology and why their entry should be considered the winner*
- NEW FOR 2024 – Excellence with inkjet – packaging**

- NEW FOR 2024 – Excellence with toner – packaging**
For flexible packaging, folding cartons, corrugated boxes and other packaging formats decorated using toner-based digital processes
*Each entrant to this category must highlight specific elements** of the printed product that showcase the technology and why their entry should be considered the winner*
- Excellence with hybrid printing**
For entries printed using a combination of two or more complementary processes (digital+flexo, digital+offset, digital+digital, etc)
*Each entrant to this category must highlight specific elements** of the printed product that showcase how processes have been combined to make their entry the winner*
- Excellence in finishing and embellishment**
For entries that showcase the best use of digital finishing and embellishment processes to elevate the look and feel of labels and packaging
*Each entrant to this category must highlight specific elements** that showcase what finishing and embellishment has added to the printed product to make the entry a winner*
- Excellence in design**
For entries showcasing work that has been designed specifically with digital printing in mind
*Each entrant to this category must highlight** how the design is specifically suited to digital production and the benefits this has brought to the submitted entry and customer*
- Application excellence – primary packaging**
For entries showcasing the best primary packaging decorated digitally
*Each entrant to this category must highlight specific elements** of the printed product that are relevant to the application that showcase why their entry should be considered the winner*
- Application excellence – secondary packaging**
For entries showcasing the best secondary packaging decorated digitally
*Each entrant to this category must highlight specific elements** of the printed product that are relevant to the application that showcase why their entry should be considered the winner*
- Analogue-to-digital**
For work previously printed using another processes but now produced using digital
*Each entrant to this category must highlight specific elements** of the printed product that showcase how the entry has benefitted from the move to digital and what the customer/end user has gained from the move and so should be considered the winner*
- Variable data**
For entries that showcase the application of variable data/serialisation/customisation/personalisation to the benefit of the brand and its consumer customers
Each entrant must make sure to highlight where and how variable data has been used in the entered work and the purpose/outcome
- Innovation**
Entries could example new manufacturing techniques, a previously unrealised application of digital print, and/or a new end-use for digitally manufactured packaging; be innovative with your submissions!
Entries to this category must highlight exactly where innovation(s) have been made and how they have benefitted the application and/or customer.
- Self-promotional print**
For non-commercial labels and packaging samples, produced digitally by printers and converters to showcase the breadth and depth of their capabilities
*Entries for this category must not have been produced for sale directly to customers and consumers, rather showcase the work** of a printer for its own branding and marketing initiatives*
- Best new company**
For brand-new businesses that have started using digital to produce commercial work and/or existing companies that have added digital directly to their production mix for the first time, during the judging window – see rule 3 (N.B. new sites of existing digital users ARE NOT eligible for this award)
Entrants to this category must supply a supporting statement detailing growth achieved that is directly related to the use of digital label and package printing
- Environmental company of the year**
For printers and converters who are able to demonstrate the greatest advances in environmental performance and responsible behaviour towards both the natural environment and people
Entrants to this category must supply a supporting statement outlining the advances that have been made and their impact on the business and/or the wider industry
- Future star**
This award is for any employee under the age of 30 within the supply chain, who is set to play a key role in the future of the digital packaging value chain; nominees are welcomed from all areas of the supply chain
Entries for this category must include a supporting statement outlining why this individual should be considered for the award, their progress and their achievements to date

** Please see the following page
